Notice to 340B Covered Entities Located in Washington - Update to GSK's 340B Contract Pharmacy Policy Effective June 11, 2026

Dear Valued 340B Customer:

I am writing to inform you that GlaxoSmithKline (GSK) is updating its 340B Contract Pharmacy Policy that will alter its approach to distributing and accessing products purchased at the 340B price.

To ensure compliance with Washington state law requirements (S.B. 5981), GSK is implementing changes to its Contract Pharmacy Policy (effective since May 1, 2023).

Effective June 11, 2026, GSK will make the following modifications to its Policy for covered entities:

- Washington-based covered entities will be able to place "Bill to/Ship to" replenishment orders through all their HRSA designated contract pharmacies for products not part of a GSK limited pharmacy network.
- All HRSA designated Contract Pharmacies in Washington will be able to receive "Bill to/Ship to" replenishment orders for products not part of a GSK limited pharmacy network.
- For GSK specialty/oncology products part of a limited pharmacy network, Washington covered entities can designate unlimited contract pharmacies that are part of GSK's limited pharmacy network. Specialty/oncology designated contract pharmacies must be listed on the HRSA OPA database as a covered entity contract pharmacy (see network below).
- GSK will allow covered entities' "Bill to/Ship to" replenishment orders on or after June 11, 2026, associated with the above policy exceptions.

GSK continues to monitor state level 340B contract pharmacy requirements and may make additional modifications to the above requirements, including re-instituting its May 1, 2023 Policy.

If you have questions regarding the changes to GSK's 340B Contract Pharmacy Policy, please contact GSK at support@340Besp.com.
