RE: Gilead Contract Pharmacy Integrity Initiative Transition to Truzo Platform

Dear Distributor:

This letter serves to inform you Gilead's Contract Pharmacy Integrity Initiative ("CPII") will be transitioning from BRG's 340B ESP™ platform to the Truzo by Kalderos platform. Gilead will be using the Truzo platform to generate the weekly report for branded Hepatitis (HCV) products used for contract administration of 340B chargebacks. This weekly file, called the Supplemental file from BRG, will be referred to as the Eligibility file once we transition to Kalderos. Other than this vendor transition, Gilead is not making any changes to its CPII at this time.

The first file from Truzo will be sent out on Tuesday, July 7th, with an effective date of Tuesday, July 14th. This schedule aligns with our current cadence and is intended to ensure a smooth process without any disruption.

Gilead is committed to ensuring your current delivery process, support team, and product quality will remain unchanged. There is no action required on your part regarding this transition and we appreciate your continued collaboration.

Please direct questions concerning this communication to Chargebacks@gilead.com.

Sincerely,

DocuSigned by:
